

## Tesat-Spacecom GmbH & Co. KG

TESAT is a world-leading manufacturer for satellite equipment. More than 1,100 employees develop, manufacture and distribute systems and equipment for satellite communications every day. The product range spans from the smallest space-specific components to modules, entire assemblies or payloads.

As the world's only provider and technology leader of in-orbit-verified optical communication terminals for data transmission via laser, TESAT has a focus on commercial and institutional space programs.

Thanks to our deep understanding of market needs, customer focus and technological innovation, we offer products that contribute to sustainable development. For all mankind, for a better world.
